History of Bon Odori in Malaysia

What started out as a small affair for Japanese expatriates to immerse their children in Japanese culture in 1976 has now grown into a much awaited annual event that averages 36,000 participants annually. It is the single largest Japanese Cultural Event in Malaysia and is possibly the largest Bon Odori festival in the world outside Japan. The annual Bon Odori celebration in Malaysia is an effort to promote and strengthen cultural ties between Malaysia and Japan as well as to showcase Japanese culture to Malaysians.

How To Get To The Bon Odori Festival

The Bon Odori event is held at the Kompleks Sukan Negara (the former Panasonic Sports Complex) Shah Alam, and **due to insufficient parking space**, the organisers are providing free shuttle bus services to and from the KTM “Shah Alam” Station (Section 19, Shah Alam) from **4pm till 11pm**.

You can also click [here](#) for Google Map or Waze directions to the Stadium!
